EDUCATION	<b>Capital University of Economics and Business</b> <ul style="list-style-type: none"><li>• Bachelor of Management, 2014</li><li>• Ph.D. in Economics, 2019</li></ul> Dissertation: <b>Liquidity Constraints and Household Labor Supply</b>
EXPERIENCE	<b>Associate Professor</b> 2021-Present Beijing Technology and Business University <b>Vice Director of Department of Finance</b> 2019-Present Beijing Technology and Business University <b>Assistant Professor</b> 2019-2021 Beijing Technology and Business University <b>Visiting Scholar</b> 2017-2018 Cleveland State University
RESEARCH INTERESTS	<b>Financial Literacy, Intrahousehold Decision-Making</b> <p>I am interested in financial literacy and intrahousehold decision-making. By collecting microdata from China household surveys of different waves, I get to know the family in China. I want to examine the functioning and influence of family members with the economic shocks. I am working on family interactions in the home, intrahousehold resource allocation, family well-being, and the impact of financial literacy on family behavior. I also want to investigate how financial literacy helps the over-indebted family in China.</p>
